Returned Soldiers

Some time in the near future a field agent of the federal board for vocational training will visit various centers from which a group of counties can be conveniently covered. In order that the work may be expedited more quickly

the Home Service Section of the Red Cross has been asked to co-operate with the board in filling out all requests for compensation and training.

Any soldier who is returned with any disability of any kind is urged to apply for compensation in order to take a course of train-

ing through the federal board and can call at the Red Cross office and have the proper form filled out. In this way the work for the agent will be lined up for him and will be of great value.

Is Spreading Over the South

Fame of Meritone Sweeps Over Wide Territory With Startling Rapidity

In less than a year the fame of Meritone, the new system medicine, has spread until its name is now a household word over a territory occupied by millions of people and thousands are taking it.

The demand for Meritone in this section, as elsewhere, is wonderful, in larger cities like Nashville, Knoxville, Chattanooga and the like the demand for Meritone reached a phenomenal rate, but the demand right here in this vicinity and in many similar localities has been almost as remarkable.

Meritone is now spreading all over the south with wonderful rapidity. Thousands of men and women in many states are taking Meritone and highly praise it.

Meritone was compounded by a trained chemist, who put into it the vegetable ingredients that his experience had shown him were best for ills of the human system—for ailing conditions of the stomach, liver or kidneys, catarrh, rheumatism and the like, or as a system strengthener.

Meritone is sold exclusively in Huntingdon by Patrick Drug Co.
